

# Cleaning up the neighborhood

As the first month of the new year came to an end, we're excited to share how Soaring Solar made their monthly contribution back to the community. We're thrilled to announce our recent endeavors with our active involvement in a neighborhood cleanup initiative hosted by our friends from the Fishtown Neighborhood Association in Philadelphia, Pennsylvania.

## Cleaning Up for a Greener Tomorrow: Neighborhood Cleanup Initiative

As advocates for sustainability, Soaring Solar understands the importance of a clean and green environment. That's why we recently took part in a neighborhood cleanup initiative with our friends, The Fishtown Neighborhood Association, to contribute to the well-being of our local community.

Welcome to Fishtown, Philadelphia, PA

Fishtown Rec Center Playground, cleaned up and looking sharp

## Team Involvement: Hands-ON Commitment

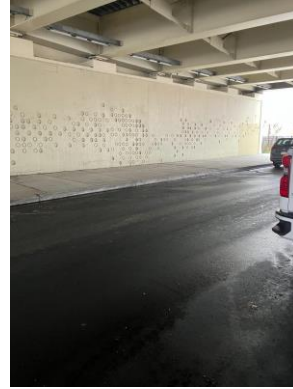

Soaring Solar employees, fueled by a passion for environmental stewardship, actively participated in a neighborhood cleanup. Armed with enthusiasm and garbage bags, our team worked together to clean up parks, streets and public spaces promoting a cleaner, healthier, and more vibrant neighborhood.

I-95 thanks to our Soaring Solar volunteer

## Environmental Education: Inspiring Change

Our participation in the cleanup wasn't just about picking up litter, it was also an opportunity to engage with the community and raise awareness about the importance of sustainable practices. Through educational initiatives and community outreach, Soaring Solar aims to inspire positive change for a greener tomorrow.

## Join Us in Making a Difference

We believe in the power of collective action, and we invite the Soaring Solar community to join us in making a difference. Whether it's through volunteering your time, supporting local initiatives, or spreading awareness about environmental sustainability, every action counts.

## A Brighter Future Together

As we start this year, Soaring Solar is grateful for the opportunity to give back to the community that has supported us on our journey. Together, we can continue to harness the power of the sun and create positive change in the world.

Wishing you a winter season filled with joy, warmth and the knowledge that together, we are making a meaningful impact. Here's to a brighter and more sustainable future for us all.
